Message:

Apart from minor edits and an occasional news item, no changes have been made to the website. I would gladly turn the website over to someone else as I don't have the time or expertise to maintain and update it appropriately.

If no one else is appointed or steps forward, I will clean it up a bit following this board meeting. I'll commit to updating the president's message, listing of officers, cleaning up the member bibliography, adding a few relevant news items, archiving the GSL abstracts, etc. I would not expect to do anything else beyond that.

Thanks for this, Bob.

Do we have anyone on the board who has the know-how and experience to set up and maintain web sites? I have no experience whatsoever and I miss the basic knowledge to do the job.

We still did not hear from any volunteers to update and upgrade the web site. If there are members of the board who want to give it a try, please notify me and Bob. If not, I suggest that Bob will continue maintaining the site with minor updates (with thanks to Bob for the work invested in the site).

The result of the Board elections, a message from the President, and an announcement about the venue of the next symposium will soon be posted on the site.

I think that Bob does a very good job and if he is happy to continue I think that it a very good solution. Thanks for the good work.
