The item "Editor's report" is on the agenda, but there is nothing to report here. The proceedings of the Salt Lake City meeting have been published already in 2009. Whether the services of an editor on the board will be needed in 2011 depends on whether and how the organizers of the Mar Chiquita symposium intend to publish the meeting proceedings.

Dear Aharon,  
many thanks for editing proceedings of the Salt Lake City meeting. It is nice book. Unfortunately scientists from my laboratory and I couldn't come to the Mar Chiquita symposium. In May-June 2011 we are going to the Aral Sea expedition.  
Sincerely yours,  
Nick Aladin

Yes the sooner we know the intentions of the Argentine folk the better. The arrangements for the 2008 conference were very satisfactory, in fact the best for quite a while. I repeat my congratulations to all those involved.
